Subject: Warning letter

Dear Ankit,

This letter concerns the following issue observed on 14 October 2026:

You were absent from work on 14, 15 and 16 October 2026 without informing your manager, which delayed two client tickets.

This is not in line with company policy. We expect you to inform your reporting manager in advance before taking any leave. Please treat this as a formal warning. A repeat may lead to further disciplinary action, up to and including termination. You may submit a written explanation by 28 October 2026.
